### QUALIFICATIONS

This position is a perfect fit for you, if you:

- Want to experience working at a Beverly Hills private group practice
- Take pleasure in working with clients and want to make clinical work your primary focus
- Are prepared to have a full private practice and are eager to achieve a full caseload of clients
- Love to learn and are committed to frequently augmenting your clinical skills
- Are committed to trainings aimed at making you an excellent therapist
- Are extraordinarily organized and efficient with your time
- Want to be compensated well for your work with clients

### REQUIREMENTS

- Registered Associate MFT or Associate PCC in the state of California
- Willingness to work progressively toward a full practice of 20-25 clients per week
- Must have a natural aptitude for communicating compassionately
- Background in psychodynamic or depth psychotherapy
- Must show that you are promptly responsive, highly detailed-oriented, reliable, and very responsible
- Ability to take direction and work independently
- Incredible attention to detail
- Passion for working with clients
- Ability to give and receive feedback regularly
- Ability to offer LGBTQ+ affirmative therapy
- Computer knowledge is a requirement for this hybrid teletherapy/in-person practice
- Ability to stay with the practice for a minimum of two years, with the possibility of long-term employment
- Associates are required to be available from 8 AM - 8 PM Mon - Fri, with the expectation to work no more than 35 hours per week within the time frame of those hours.

### ABOUT INTEGRATIVE PSYCHOTHERAPY GROUP & LEOR RAM, LMFT, LPCC, NCC, CGP

Leor Ram is a Licensed Marriage and Family Therapist (LMFT 115538), a Licensed Professional Clinical Counselor (LPCC 7354), a National Certified Counselor (NCC), and a Certified Group Psychotherapist (CGP). He is the owner of Integrative Psychotherapy Group.

Integrative Psychotherapy Group is a Beverly Hills based practice dedicated to offering a breadth of psychotherapy services for individuals, couples, families, and groups. We utilize contemporary psychodynamic principles to help clients address their concerns and take a depth-focused approach toward therapy. Our goal is to help clients gain insight into both past and present experiences in order to empower themselves to make informed choices that lead to meaningful change. Sessions are currently held both in-person and via telehealth.
